

Hewlett's Creek Informational Meeting

The following is a summary of the most commonly received input received on comment forms that were distributed at an informational meeting held on Feb. 19, 2007 at Bradley Creek Elementary School.

- Developers should pay more to help address sewer issues.
- Too much development is occurring despite the current moratorium, especially on Greenville Loop Road.
- Stop new connections until repairs have been completed.
- Enter a standing order of consent with NC DWQ.
- Establish a citizen's advisory committee for city/county sewer system.
- Thanks for the information.
- Get the repairs completed as quickly as possible.
- Very informative meeting.
- Thank you for the presentation.
- Please enforce the moratorium.
- The public wants this fixed and we are willing to pay for it.
- Need good emergency management plan to mitigate future accidents.
